Downtown on the Move

Conrad Thiede, President, Downtown Residents Council

Downtown is a neighborhood full of people with diverse stories from all walks of life. From empty nesters to young professionals to families with children, downtown residents live in newly constructed condominiums and apartments, as well as rehabbed historical gems. The population of downtown has doubled since 2000, and there are more than 400 new condominiums and 200 apartments under construction, and thousands more under development. This walkable neighborhood has the energy of a 24-hour city with restaurants, clubs, and entertainment destinations around the block, as well as the laid back easy-feel of a close-knit community. And, with so many arts destinations concentrated in this neighborhood, there's always something to do.
